The Wine Glass

AutoCAD Tools Used:

- **Polyline**
- **Fillet**
- **Revolve**
- **Materials Browser**
- **Materials Editor**
- **Render**

Parameters and Properties

The following parameters and properties were used to create the glass :

- Template: Glass Clear
- Shininess: 100
- Refraction Index: 3.0
- Translucency: 0
- Self-Illumination: 0
- Opacity: 0
- Diffuse Colour: 250,250,250

Parameters and Properties
The following parameters and properties were used to create the glass :

- Template: Mirror
- Shininess: 100
- Refraction Index: N/A
- Translucency: N/A
- Self-Illumination: 0
- Opacity: 29
- Diffuse Colour: 250,250,250

Parameters and Properties

The following parameters and properties were used to create the glass :

- Template: Glass Clear
- Shininess: 75
- Refraction Index: 2.5
- Translucency: 0
- Self-Illumination: 0
- Opacity: 0
- Diffuse Colour: 250,250,250
